SPRING / SUMMER COLLECTION 2017

- Christys' Spring/Summer 2017 collection is a celebration of the versatility of the hand woven Toquilla Straw material we know as Panama. In the expert hands of Christys' craftsman, the intrinsic durability and beauty of this material is used to create fine hats for every occasion: whether it's a sun hat for the beach or a trilby for a wedding, we have something for well dressed men and women across the globe. As our hats are hand made in our Oxfordshire factory using techniques and processes that have been perfected over our 243 year history, you can rest assured that a Christys' hat will last you a lifetime.
- Our classic bleached, semi bleached or natural panamas are true works of art, and with their inherent understated style, they epitomise the classic British summer. In our fresh, new colours of Cloud Grey, Cranberry, Sky Blue and French Navy these Christys' iconic shapes are transformed into vibrant expressions of summer seasonal style. We are excited to debut our new Portobello and Padstow styles as well as introduce our expanded grade 3 Cuenca range. Our trans-seasonal lightweight Foldaway, Hove and Kempton trilbies have been so successful we have brought them back - in our exclusive Ink Blue, Red Wine or Light Beige it will feel like spring has arrived, even when the weather can't quite decide.
- Iconic and beautiful hats, expertly crafted for the well dressed head, all through the year, all over the world.

HANDMADE CLASSIC PANAMAS

- Each panama may start life on the coastal plains of Ecuador, but every Christys panama hat eventually epitomises great summer style. UNESCO added the art of hand weaving the toquilla straw (panama) hat to the world's Intangible Cultural Heritage List and as Christys naturally identifies with this unique craft we continue to make the Ecuadorian Panama the backbone of our summer collections, as we have done for over a century.
- From the classic bleached white for a garden party through to the sky blue for cocktails by the sea, the panama is style personified.
- Our Superfine Grade 8 is the height of panama quality and now we have added our unique Christys' leather and garter band across the range. Not to be left out, our iconic Classic Preset is also offered with this emblem of heritage and quality which was established in 1876 as one of the first ever global trade mar

CLASSIC PANAMAS

SPRING SUMMER 2017

SEASONAL PANAMA RANGE

This season we have created a sophisticated and exclusive palette of colour and texture: elegant Cloud Grey and Sky Blue with rich French Navy and Cranberry are used to best effect alongside the ever popular natural and black check, fancy open weave and crocheted textures. Trimmed with touches of Liberty London prints, shimmering oil effect or flame feathers, these contemporary takes on our classic styles are designed to flatter the wearer and compliment the seasonal wardrobe, whether it is attending a sporting event or celebrating in the sun.

In consultation with our customers we are debuting our newest down brim trilby: The Portobello. This seasonal take on our Classic Down Brim is sure to flatter and excite in equal measure. We have also expanded the Cuenca 3 range which provides an entry level price point on some of our most popular shapes
